DEMI HAYASHI

FULL-STACK DEVELOPER

Los Angeles, CA   hayashi.demi@gmail.com   561-713-5699   github.com/demivlkv   demihayashi.com

CAREER OBJECTIVE

Motivated full-stack web developer dedicated to writing clear, concise code that works, and has a background in graphic design & photography.

Seeking a role in a fast-paced environment where I can contribute to a company's growth, as well as continuing to enhance my technical skill set.

PROJECTS

BOOK NOOK (September 2022)

›› Participated in a collaboration to construct a full-stack discussion site with MVC folder structure, where users can discuss books and get book recommendations for their children

›› Served as the project lead, and ensured collaborators were achieving their milestones for the project, and provided assitance & guidance when encountering blockers

›› Technologies used include Node.js, Express.js, MySQL, Sequelize, Passport.js, JavaScript, Handlebars.js, HTML, and CSS

FIND-A-STORY (July 2022)

›› Collaborated with a small team of student developers to create an accessible, interactive web application that allows users to search for a story in books, movies, or television

›› Built and designed using a variety of languages and frameworks such as JavaScript, HTML, CSS, jQuery, and Materialize. Utilized OMDB and Google Books APIs

›› Worked in agile development methodology and attended daily meetings to assess scope and sequence of project

WEATHER DASHBOARD (July 2022)

›› Created a weather application using OpenWeatherMap API, that allows users to search for a city's current weather conditions and displays five-day forecast

›› Designed a clear, readable user interface intended for flight crew to be able to prepare and pack accordingly for their work trip

›› Developed application utilizing JavaScript, HTML, CSS, jQuery, Moment.js, and Bootstrap

WORK EXPERIENCE

FLIGHT ATTENDANT @ DELTA AIR LINES (March 2015 - Present) Los Angeles, CA

›› Concentrate on passenger safety and customer service throughout all phases of flight

›› Demonstrate ability to quickly respond to various medical and aircraft emergencies

›› Identify and resolve safety non-compliance issues

›› Relay communication to & from customers and cabin crew in a professional, personable manner

SKILLS

FRONT-END

›› JavaScript, ReactJS, jQuery, CSS, HTML, Bootstrap, Tailwind CSS, Materialize

BACK-END

›› Node.js, Express.js, RESTful APIs, PWAs, Webpack, Sequelize, MVC

DATABASES

›› MySQL, MongoDB

TOOLS

›› Git, GitHub, Heroku, npm, Adobe Photoshop
